**To Advertisers.**—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and on that account, if no other, the best medium for advertising.

## Local Items.

**OUR DAILY.**—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

**Ornamenta, but not useful.**—Our street lamps.

**ARRESTED.**—Policeman Downing received a telegram yesterday afternoon, from Joseph Gauthier, ticket Agent for the Vt. Central Railroad in Montreal, to arrest Wm. Colliche, who would arrive in St. Albans from Montreal on the night train. On the arrival of the train Mr. Downing took Colliche, who was accompanied by his wife, into custody and provided quarters for him at the St. Albans House. Mr. Gauthier is expected in town to-night, when the matter will be cleared up.

**THE NEW ORLEANS MINSTRELS.**—This troupe had another crowded house last night and their performances gave the best of satisfaction.

**SNOW.**—A considerable quantity of snow has fallen to-day, which has caused the appearance of quite a number of sleighs in our streets. Present indications are, however, that the present snow will not remain long with us.

**MASONIC.**—A new Lodge of Masons was constituted and installed at Moretown on the 11th inst. The new lodge is to be known as Ma' River Lodge, No. 77, and has elected the following officers: Wm. M. Sawyer, W. M., Moretown; A. G. Pratis, S. W., Moretown; E. G. Hooker, J. W. Waitfield; N. R. Spaulding, Treasurer, Moretown; Freeman Parker and I. S. Bailey, Deacons, Moretown; I. D. Evans, Moretown, and Wm. L. Leland, Middlesex, Stewards. The public exercises at the church in the afternoon were highly interesting. They commenced with an e-e-e-e-e-e-e-e-e-e prayer by Rev. Wm. B. Howard. A Masonic Ode was then sung by the choir, after which Deputy G. M. of the Grand Lodge of Vermont, Benj. H. Dewey, of Burlington, was introduced to the audience by T. J. Deavitt, Esq., and held their undivided attention for an hour, with an address rarely equalled for beauty and clearness of expression, and sound logic.

**Haswell Lodge of Perfection, No. 1,** was inaugurated in Burlington on Thursday evening, and its officers installed by Ill Wm. Barrett. Deputy Inspector General of the 32d; Ill E. P. Brown, C. G. 32; F. A. McKean, M. C. 32, of Nashua, N. H. The following are its officers: P. D. Ballou, T. P., Grand Master 32d; E. A. Jewett, H. T. P., Grand Master 32d; Wm. L. Harris, V. Platt, Jr., Grand Captain of the Guard 32d.

**GREAT YIELD.**—Joseph E. Lee, of Barton Landing raised the past season, on 13-4ths acres of land, 250 bushel baskets of sound corn on the ear.

**PERSONAL.**—John B. Gough has a new lecture on "Circumstances" which he is delivering in various parts of the country, to crowded houses, of course.

Lamarin, the author, is 77 years old. He is unable to write, but dictates.

T. W. Higginson is to furnish a serial novel for the Atlantic Monthly next year.

Mrs. George Sand is to publish a weekly paper, to be called, *Le Pecc Parleur*.

Chief Justice Chase is holding a session of the United States Circuit Court at Richmond this week.

Lord Monck, the retiring Governor-General of Canada, sailed for Europe on Saturday, from Quebec.

It is said that T. W. Park has offered \$8000 for the site of the late Mount Anthony House, Bennington, with a view to erect a splendid brick hotel.

**KILLED.**—Henry Howe, aged 38, a conductor on the Ohio and Mississippi R. R., formerly of Woodstock, was instantly killed recently near Cincinnati by a boiler explosion.

**KEEPING HOUSE.**—The editor of the Barton Standard is keeping house now, and thus discourses to delinquents:

"We are keeping house now, and would like it if those of our subscribers who never intend to pay us, would bring us immediately: beef, pork, sugar, butter, lard, eggs, sausages, cabbages, turnips, apples and anything that is good to eat. No bears wanted! We have not such a depraved appetite as that! We want you to bring us good stuff, give honest measure and expect a fair price. No bears—remember."

**SCIENTIFIC.**—Geologists say that distinct traces of ancient sea beach, 1240 feet above the ocean, are found in North Hardwick and Greensboro, dating back to the period when this northern country was wholly submerged. There are also found on the line between Wheelock and Greensboro, extensive terraces, formed by the action of ice and water; and a small deposit of marl, of good quality, and numerous beds of peat are known to exist.—Barton Standard.

**RANDOLPH NORMAL SCHOOL.**—The Normal School at Randolph has, so far, graduated forty-seven persons, from the first course of studies pursued there. These persons represent twenty-four towns and eight counties.

*Legislature of Vermont—1868.*

MONDAY, Nov. 16.

SENATE.

**Bills Introduced.**—By Mr. Ladd, to amend an act authorizing the construction of a bridge from Alburgh to Isle la Motte; to committee on highways and bridges.

HOUSE.

AFTERNOON.

**Resolution.**—By Mr. Abell, of West Haven, that a committee of five members of this House be appointed to enquire whether all the railroads in this State have made reports to the Railroad Commissioner, as required by law, and whether any further legislation is necessary to secure the making of such reports; adopted.

**Reports.**—From committee on railroads, in fa. or of S. 81, to enable the town of Barre to aid in the construction of the Montpelier & White River R.R.; passed in concurrence.

**From committee on railroads, in favor of S. 101, to incorporate the Belden's Falls Branch R. R. Co.; passed in concurrence.**

**Senate Bills Referred.**—S. 98, to incorporate the West Enosburgh Slate Manufacturing Co.; to committee on corporations.

**Unfinished Business.**—H. 6, authorizing the Bennington and Rutland Railroad Company to extend their road to West Rutland, was taken up; Mr. Wood of Fairhaven, having the floor.

Mr. Wood said, that thus far an attempt had been made to create a prejudice against the Rutland and Saratoga

road, because it is a foreign corporation, but there is a provision in the charter granting roads from Rutland to the West line of the State, allowing them to consolidate with the roads in New York; and that the consolidation of these roads had greatly benefited the Vermont roads—raising them from bankruptcy to good paying roads. The complaint on tariffs of freight was, Mr. W. said, rather a complaint for the want of cars to transport marble, than on account of the prices charged. There is no such cause of complaint now; the marble dealers are amply supplied with all the facilities they require, and need no further relief. This change was effected by the consolidation of these Vermont roads with the Rutland and Saratoga road, of which so much complaint is made. The business of the Rutland marble company had been greatly increased, under the facilities granted it by the Rutland and Saratoga road, and it is wrong for the Legislature in any manner to cripple the business of that road because it is a foreign corporation. It has materially aided in the development of important interests on the line of the road, and was furnishing all the facilities that are required for the transportation of freight and passengers along the line of the road.

Mr. Wood then referred to the statement made in the report of the committee, and the fact that the Rutland and Saratoga road had voluntarily reduced the prices charged for freight from what it was when they came into possession of the road; they had furnished additional facilities in extra trains, cars and men to haul the marble from the quarries; that they had given the marble interest the preference over all other interests on the line of the road, in furnishing them cars in preference to other interests. Mr. Baxter had received all these advantages in common with the other marble dealers. He said that the agreement said to have been made between Mr. Sidney Baxter and Jay Gould, as to transporting marble free to a mill in Salem, never was ratified by the manager of the railroad company, and when that mill was purchased by John N. Baxter it was with the full knowledge that he would have to pay the tariff rates for freight on his marble to do otherwise. He said it was also in evidence that Mr. Baxter had been reimbursed for the \$1,000 he paid out for the side tracks and switch; and that part of the complaint in Mr. B's protest was therefore groundless. He said the railroad company had already reduced the prices of freight as low as they could afford to, and that the expenses of extra cars and engines would not allow further reduction.

Mr. Park of Bennington asked to be allowed to further interrogate the chairman of the committee on railroads, that he might draw out further and fuller facts in relation to the interrogatories of the gentleman from Fairhaven; but Mr. Wood declined to yield the floor for that purpose. Mr. Park claimed, as point of order, that it was his right to so interrogate the committee at this point before Mr. Wood proceeded with his argument on what he claimed was a prejudicial statement; but the speaker ruled that he could not do so at this time.

TUESDAY, Nov. 17.

SENATE.

**Bills Introduced and Referred.**—By Mr. Burt, to enable the pew holders and proprietors of the brick church in Swanton to dispose of the same; to Senators from Franklin Co.

By Mr. Barlow, to authorize the Rutland R. R. Co. to locate branches in Brandon, and build the same; to committee on railroads.

**Special Orders.**—S. 39, to change the site of the State Prison.

Mr. Anderson remarked that this bill did not necessarily change the site, but it provided for an investigation which would involve considerable expense. He alluded to the present unpopularity of the prison and its management. The present contract system was noted, and in his opinion the present contract must expire before a change could be made. The expense of building a new prison at the present time was of doubtful policy with the present inebriety of the State. He was opposed to the passage of the bill.

Mr. Barlow advocated the bill. He thought it important that the committee should be appointed and report to the next session of the Legislature, that intelligent action might be had upon the subject.

Mr. Walker gave his reasons briefly for voting against the bill. He referred to the present unfortunate contract, and urged that under a more favorable one, which would probably be obtained when the present one had expired, the great evil complained of would be as readily obviated in the present location as any other.

Mr. Heath followed, favoring the bill. He said the citizens of Windsor should demand an investigation of its affairs, for it was impossible to convince the people of Vermont that labor of 100 able bodied men, more or less, could be made self-sustaining. He replied to the charge of its being a "roving commission," and did not believe that the Gov. would appoint men on this committee who would not work for the best interests of the State. It is right for the tax payers of the State to look into this question as a matter of economy. It is acknowledged on all hands that a reform is needed.

The bill does not contemplate the expending of one hundred and fifty thousand dollars at this time, as suggested by the Senator from Windsor. The time is opportune now to make the investigation, to see whether it would be for the interest of the State hereafter to make such an expenditure.

On its passage Mr. Brown called for the yeas and nays, which were as follows: YEAS.—Messrs. Allen, Barlow, Burr, Canfield, Clark, Dale, Dewey, Dyer, Elkins, Farnham, Green, Halbert, Hall, Heath, Hutchinson of Franklin, Hutchinson of Orange, Ladd, Leonard, Love, Nash, Orcutt, Simpson, Yeas, 32.

NAYS.—Messrs. Anderson, Brown, Goodell, Walker, Wheeler. Nays, 5. **Report.**—From committee on highways and bridges, S. 37, to incorporate the Missisquoi Bay Ferry Co.; amendments proposed by the committee inserting other names as incorporators than those in the original bill.

Opposed by Mr. Burt. Mr. Ladd made explanation in behalf of the committee, and said the report was in accordance with the agreement of those interested.

On the amendment Mr. Burt called for the yeas and nays—yeas 19, nays 4. Mr. Burt moved a further amendment, to strike out the name of Giles Harrington—one of the incorporators named in the original bill; adopted.

Mr. Barlow moved that the bill be indefinitely postponed; raised and 3rd reading ordered.

## HOUSE.

The Speaker announced that there are now in the hands of various committees of the House, 82 bills that have not been reported.

**Resolution.**—By Mr. Miner of Manchester, that the House for the remainder of the session meet at 9 o'clock a. m., and hold evening sessions commencing at 7 o'clock; adopted.

Mr. Park of Bennington called up H. 6, to authorize the Bennington & Rutland railroad to extend its road to West Rutland; Mr. Wood of Fairhaven having the floor.

It is said that the strength actually lay in the length and abundance of his hair, a liberal use of the famous "Burrett's Vegetable Hair Restorative" ought to impart many times the strength of that doughty warrior, for there is no limit, it will not reach it if not properly applied. —N. H. Patriot.

Life has few charms for the Dyspeptic, which is not to be wondered at, when we take into the account the amount of bodily and mental suffering that this distressing in daily general of the Peruvian Syrup (a protoxide of iron) has cured thousands who were suffering from this disease.

Renne's Pain-Killing Marie Oil is sold by most of our Druggists and Merchants, and has become a standard article in market. This position it has won by its merit. It is clean to use, it cures pain where it is used faithfully, and we intend always to keep it in the house to use. Try it.

NEW YORK, October 13, 1867.

**DEAR SIR:**—It is with much pleasure that I say to you that I consider the Plantation Bitters of untold value. In the fall of 1867 I was taken with Chills and Fever, with the most severe pains in my chest and head. It was with great difficulty that I could breathe. My lungs were greatly distressed, and there was a pain in my right side, by spells I could hardly get up from bed. I called a Doctor, who attended me all winter without the least benefit. About the first of August I commenced using your Plantation Bitters—a wine-glass full three times a day—and have used it most of the time since, and I am now well and strong, able to do all my own work and the care of a large family. Yours, &c.

SUSAN WILSON, d&w.
